Your password for your **web login** was sent to you on registration. If you have forgotten it, you can recover it on the [login page](#)

Your passwords for your **VoIP phones** can be seen on the VoIP line control panel. You can access your VOIP line control panel by logging in to your web account and selecting your number from the 'Services' menu at the top of the page.

**NOTE: The password for your web login and VoIP phones can be different.**

**NOTE: The password for the support page is not the same as your account password, your password for the support page will be issued automatically when you register a ticket.**
